Alaska Medicaid Provider Update

The Alaska Department of Administration, Division of Finance System Upgrade and Outage February 7, 2022

Dear Alaska Medicaid Provider,

The Alaska Department of Administration, Division of Finance, announced that Alaska's accounting and financial management system is undergoing an upgrade and will be unavailable from Wednesday, February 16, 2022 thru Wednesday, February 23, 2022 to allow for data conversion to occur.

The Division of Behavioral Health (DBH) wanted to assure providers that this data conversion will have no impact for our Behavioral Health claims payments thru the Administrative Services Organization (ASO), Optum Alaska. You will not experience any delay of payment due to this conversion.

If you have questions, please feel free to reach out to the **MPASS** mailbox at mpassunit@alaska.gov
